PROVISIONAL ELECTION OF SPECIES

HONORABLE COMMISSIONER FOR PATENTS  
P.O. BOX 1450  
ALEXANDRIA, VA 22313-1450

SIR:

In response to the Election of Species requirement dated February 27, 2004, the Applicants provisionally elect with traverse the species of Group A corresponding to Figures 3A-8B and identifies Claims 1-11 as readable on the provisionally elected species.

The Applicants respectfully traverse the election requirement for several reasons.

First, the outstanding Official Action merely includes the conclusory statement that "this application contains claims directed to ... patentably distinct species ..." without stating any basis whatsoever in support of such a finding. This is in violation of MPEP § 816, which states:

The particular reasons relied on by the examiner for holding the inventions as claimed are either independent or distinct should be concisely stated. A mere statement of conclusion is inadequate. The reasons upon which the conclusion is based should be given. ...

In the absence of any annunciated basis, it is respectfully submitted that the PTO clearly has not carried forward its burden of proof to establish distinctness.

Application Serial No.: 10/669,003  
Reply to Election Requirement dated February 27, 2004

Secondly, MPEP § 806.04(f) requires:

Claims to be restricted to different species must be mutually exclusive. ..

The outstanding Official Action fails to address in any way whether the pending claims recite mutually exclusive characteristics and this failure provides a further basis for traversing the election requirement.

Finally, MPEP § 803 states:

... If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present invention would appear to be part of an overlapping search area. Accordingly, the Applicants also respectfully traverse the outstanding Election requirement on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

Therefore, it is respectfully requested that the requirement to elect a single species be withdrawn, and that a full examination on the merits of Claims 1-20 be conducted.

Respectfully Submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
